PROFESSIONAL SUMMARY

Results-driven MERN Stack Developer with 1 year of professional experience designing and building full-stack web and mobile applications using MongoDB, Express.js, React.js/Next.js, and Node.js. Skilled at translating UI/UX designs into pixel-accurate, production-ready interfaces, building secure REST APIs, and shipping cross-platform mobile apps with React Native. Strong problem-solving ability, fast learner, and comfortable owning a feature from design handoff through debugging, testing, and deployment.

CORE SKILLS

MERN Stack: MongoDB, Express.js, React.js, Node.js

Frontend: Next.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Web Design

Mobile Development: React Native, Cross-platform App Development, App Debugging & Release

Backend & APIs: Node.js, Express.js, REST API Design & Integration, MongoDB (Schema Design & Queries)

Tools & Practices: Git & GitHub, VS Code, Postman, Agile Collaboration, Version Control

PROFESSIONAL EXPERIENCE

Web & App Developer — Workholics Infocorp

2025 – 2026

- Developed and maintained full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) and Next.js, translating UI/UX designs into pixel-accurate, production-ready interfaces.
- Built and enhanced cross-platform mobile applications with React Native, covering feature development from design handoff to release.
- Designed and integrated REST APIs with Node.js and Express.js, and modeled data in MongoDB to support efficient, scalable application performance.
- Collaborated closely with designers and fellow developers to implement UI/UX designs and continuously improve application performance across web and mobile.
- Owned debugging, testing, and deployment activities, ensuring stable releases and a smooth handoff to production.

KEY PROJECTS

Dhakad Matrimony Website and App | [Next.js](#), [React Native](#), [Node.js](#), [Express.js](#), [MongoDB](#)

- Built a full-stack web and mobile matrimony platform with profile management and partner search functionality.
- Designed and integrated REST APIs with Node.js/Express.js and MongoDB for efficient, scalable data management.

Patil Hardware | [React Native](#), [Node.js](#), [Express.js](#), [MongoDB](#)

- Developed a hardware inventory and product management app with product catalog, order management, and customer inquiry features.
- Implemented backend REST APIs using Node.js and Express.js with MongoDB for persistent data storage.

Namo Sandwich | [React Native](#), [Node.js](#), [Express.js](#), [MongoDB](#)

- Built a food-ordering app with menu browsing, cart management, order tracking, and secure user authentication.
- Engineered backend services with Node.js, Express.js, and MongoDB to support real-time order flow.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science 2021 – 2025

Patel College of Science & Technology, Indore

CERTIFICATIONS

- MERN Stack Development Certificate — Code Better
- C Programming Certificate — Universal Informatics, Indore
- C++ Programming Certificate — Universal Informatics, Indore
